

An aerial photograph of a large container ship sailing on the ocean. The ship is filled with colorful shipping containers. The text 'Marine Insurance Masterclass' is overlaid in large white letters on the left side of the image.

# Marine Insurance Masterclass

Reduce the exposure to risk in the event of loss or damage to goods or assets while in transit

11 - 12 October 2022

This is an **interactive Virtual Instructor-Led Training (VILT)**. Kindly ensure you have a working Webcam and Headset with Microphone.

- ✓ Strictly limited number of seats to ensure maximum learning and experience for all delegates
- ✓ Thorough and customised program to address current market concerns
- ✓ Provision of a digital certificate to participants at the end of the training

## MAJOR BENEFITS OF ATTENDING

- **GAIN** knowledge and understanding of international conventions, standards, and foundational statutes
- **IDENTIFY** valuable tools and resources in risk assessment, underwriting, claims handling, investigation, and adjustment in the specialized field of cargo insurance and freight liability insurance
- **COMPREHEND** the fields of freight liabilities and freight liability insurance: the role and accountabilities of transport intermediaries
- **EXPLORE** how cargo insurance works in practice, detailing the concepts, rationale and mechanisms involved
- **UNDERSTAND** the concepts behind the marine insurance industry and the history behind its formation
- **LEARN** marine cargo and freight liability insurance within the context of the Asian insurance markets
