

A photograph of four workers in a factory setting. They are wearing yellow hard hats and orange safety vests over plaid shirts. They are smiling and holding yellow tools, including a level and a tape measure. The background shows industrial machinery and a large factory structure.

Production Safety Systems

Installing, inspecting, testing, and maintaining surface and subsurface safety devices

3 – 4 October 2022

This is an **interactive Virtual Instructor-Led Training (VILT)**.
Kindly ensure you have a working Webcam and Headset with Microphone.

KEY BENEFITS OF ATTENDING

- **UNDERSTAND** the purpose and needs for impairments
- **CREATE** checklists associated with Production Safety Systems
- **IDENTIFY** the variety of permits during Production Safety Systems implementation
- **EXAMINE** the importance of design review
- **LEARN** how to effectively report an incident
- **EVALUATE** your production safety performance through dashboard development
- **CULTIVATE** a safe chemical handling and storage practice in your team
