

FPSO EMERGENCY SHUTDOWN SYSTEM

Avoid potential risks by implementing protection system to maintain assets

29 & 30 April 2024
1.00pm - 6.00pm | GMT+8

Interactive Virtual
Instructor-Led Training

WHY YOU SHOULD ATTEND

This highly intensive and practical Virtual Instructor-Led Training will provide participants with the knowledge necessary to gain and enhance their operational aptitude in the area of Emergency Shutdown (ESD) systems related to FPSO.

Participants will learn how changes to ESD systems must be managed to ensure reliability. This training will also allow participants to develop a working knowledge of FPSO - ESD systems including its features, philosophy and system requirement.

AUDIENCES

This training is specifically designed for: -

- Plant Managers
- Operations Managers/Superintendents
- Maintenance Managers
- Facility Management
- Production Managers
- Technical & Utility Managers
- Mechanical Engineering Managers

This is an **Interactive Virtual Instructor-Led Training (VILT)**. Kindly ensure you have a working Webcam and Headset with Microphone.
