WEventz

Safety Integrity Level Masterclass

Master the core areas of layers of protection and SIL analysis

13 & 14 May 2024
1.00pm - 6.00pm | GMT+8

Interactive Virtual
Instructor-Led Training

WHY YOU SHOULD ATTEND

This masterclass gives a comprehensive understanding of the essential aspects of SIL analysis, providing participants with both theoretical knowledge & practical skills. The combination of lectures, group exercises, case studies & workshops ensures an engaging & interactive learning experience.

This course explains SIS from the ground up & explains how these have replaced the definitions of emergency shutdowns (ESDs) & how they different from basic process control systems, such as a DCS.

LIVE VIRTUAL EVENT

This is an **Interactive Virtual Instructor-Led Training (VILT)**. Kindly ensure you have a working Webcam and Headset with Microphone.

AUDIENCES

This course is specifically designed for the following personals, while not limiting to: -

- Process safety personnel
- Safety engineers
- System engineers
- Plant managers
- Control engineers
- Instrumentation engineers
- Reliability engineers
- Chemical engineers
- Mechanical engineers
- Electrical engineers
- System integrators
- Line managers
- Design leads

Organised by:

WEventz

WEventz Pte Ltd (Singapore)
WEventz Malaysia Sdn Bhd (Malaysia)

HRD CORP CLAIMABLE

REGISTERED HRD CORP TRAINING PROVIDER

HRD Corp Claimable Programme

- Strictly limited number of seats to ensure maximum learning and experience for all participants
- Thorough and customized program to address current market concerns
- Provision of a digital certificate to participants at the end of the training
