

# CORROSION MANAGEMENT AND CONTROL IN OIL AND GAS

*Learn the modern and cost-effective techniques to monitor and control corrosion*

23 - 25 September 2024

1.00pm - 6.00pm | GMT+8

Interactive Virtual Instructor-Led Training

## WHY YOU SHOULD ATTEND

This Virtual Instructor-Led Training will help participants to develop better understanding in reducing the probability of less unforeseen issues in corrosion management process.

Participants will gain knowledge on how to estimate, optimize and reduce cost of corrosion in their plant. Organisations will be able to ensure increased production, increased operation output, and reduce unplanned shutdowns.

## AUDIENCES

This training is specifically designed for Managers, Engineers, Inspectors and Technician in the fields of:

- Corrosion
- Chemicals
- Laboratory Services
- Integrity & Inspection
- Engineering
- Process & Operations

This is an **Interactive Virtual Instructor-Led Training (VILT)**. Kindly ensure you have a working Webcam and Headset with Microphone.
