

# Shipbuilding Processes and Regulations

**19 & 20 March 2025**  
1.00pm - 6.00pm | GMT+8

**Interactive Virtual Instructor-Led Training**

## WHY YOU SHOULD ATTEND

This highly intensive and practical training will help participants to learn about the methods and materials used in shipbuilding, such as welding, assembly, and finishing processes. Safety regulations and practices to ensure a safe working environment during shipbuilding will be discussed.

Participants will receive a solid foundation and importance of quality assurance and control measures in the shipbuilding process. By attending this training can enhance participants skills, improve their career prospects, and provide valuable insights into the shipbuilding industry.

Organised by:

WEventz Pte Ltd (Singapore)  
WEventz Malaysia Sdn Bhd (Malaysia)
