

# ADVANCED FIREFIGHTER & RESCUE

**9 & 10 April 2025**  
9.00am - 5.00pm | GMT+4

**Double Tree by Hilton**  
**Dubai Al Jadaf, UAE**

## WHY YOU SHOULD ATTEND

This highly intensive and practical training is essential for individuals seeking to refine their rescue and firefighting expertise in the face of increasingly complex and dangerous emergencies. Through cutting-edge techniques, practical exercises, and expert instruction, participants will be fully prepared to handle a wide range of fire and rescue situations.

Participants will learn how to improve firefighter safety and survival tactics, reducing the risk of injury and improving overall team performance. By completing this training, participants will strengthen their leadership and decision-making abilities, preparing them for more advanced roles in fire and rescue operations.

Organised by:

WEeventz Pte Ltd (Singapore)  
WEeventz Malaysia Sdn Bhd (Malaysia)

## AUDIENCES

This course is designed for experienced firefighters and rescue professionals seeking to enhance their skills and knowledge in specialized areas of fire and rescue operations. It is ideal for:

- Firefighters
