About AI-DATA Summit & Awards 2025

The advancement and adoption of AI and Data not only unlock remarkable economic opportunities and growth but also reinforce safety and security measures, underpinning the foundation of this new technology. The conference aims to stimulate interaction and convergence among researchers active in the areas of responsible AI and Data.

AI-DATA Summit & Awards 2025 aims to serve as a dynamic platform for the exchange of cutting-edge knowledge, fostering collaborative efforts, and sparking innovative ideas that will propel future advancements in these swiftly evolving fields. The two-day conference will feature significant presentations by a wide range of expert speakers, policy makers, and scientific leaders across the industries with the common objective of engaging stakeholders to expand and improve AI.
