

Asset Lifecycle Management

Creation, Acquisition, Operation, Maintenance & Disposal of Assets

6 & 7 April 2026
9.00am - 5.00pm | GMT +8

Concorde Hotel, KL
Zoom Platform

WHY YOU SHOULD ATTEND

Asset Life Cycle Management: Creation & Acquisition is a comprehensive 2-day program designed to enhance participants' capabilities in managing fixed and movable assets at the most critical early stages of the asset life cycle within the built environment. The program focuses on the creation and acquisition phases, where strategic decisions significantly influence long-term asset performance, cost efficiency, risk exposure, and sustainability outcomes.

By the end of the program, participants will gain a structured understanding of how effective asset creation and acquisition decisions drive asset performance, life cycle cost optimization, service continuity, and long-term organizational outcomes.
