## Certified Artificial Intelligence in Procurement and Supply Chain Management

*Be equipped to streamline and optimize the entire business process*

4 - 6 May 2026  
9.00am - 5.00pm | GMT+8

Concorde Hotel, KL  
Zoom Platform

## WHY YOU SHOULD ATTEND

This programme equips participants with practical knowledge of how Artificial Intelligence can be applied across procurement and supply chain management to drive efficiency and strategic impact. Participants will learn how to enhance decision-making through predictive analytics and data-driven insights, automate repetitive tasks using AI tools, and mitigate supplier and operational risks with AI-enabled monitoring.

The training also covers optimising inventory, demand forecasting, and logistics operations, empowering participants to improve operational performance. Ultimately, this course strengthens strategic procurement and supply chain capabilities, enabling organisations to leverage AI for measurable business advantage.

## MAJOR BENEFITS
