

Generative AI for Content Creation, Dashboards & Workflow Automation

22 & 23 June 2026
9.00am - 5.00pm | GMT +8

Concorde Hotel KL
Zoom Platform

WHY YOU SHOULD ATTEND

This practical and application-focused training equips participants with the knowledge and hands-on skills to leverage generative AI technologies effectively within their daily work environment. Rather than focusing on technical programming, the course emphasizes real business applications that enhance productivity, improve decision quality, and reduce manual workload.

By the end of the programme, attendees will be prepared to confidently apply generative AI tools to accelerate innovation and operational efficiency within their organization.

TARGET AUDIENCES

This training is suitable for:

- Managers and Team Leaders
- Marketing and Communications Professionals
- Finance and Business Analysts
- Operations and Administrative Executives
- HR and Talent Development Professionals
- Project Managers
- Entrepreneurs and Business Owners
- Professionals involved in reporting, documentation, and process improvement

PARTICIPANT REQUIREMENTS

Please note that participants must bring their own laptops to participate fully in the training.

Organised by:
