

Data Quality Assurance

Ensuring data is appropriate for the specific business context

10 - 11 June 2026

9.00am - 5.00pm | GMT+8

**Concorde Hotel, KL
Zoom Platform**

WHY YOU SHOULD ATTEND

This virtual training aims to equip professionals with the knowledge, skills, and tools necessary to manage and improve data quality within an organization. The focus is on understanding the essential principles, best practices, and practical methods for ensuring data is accurate, reliable, and actionable for business decision-making.

At the end of this training, participants will be able to recognize common pitfalls and challenges organizations face when managing data quality, and how to address them.

Organised by:

WEventz Pte Ltd (Singapore)
WEventz Malaysia Sdn Bhd (Malaysia)
