

The Strategic HR Business Partner

21 & 22 July 2026
9.00am - 5.00pm | GMT +8

Concorde Hotel, KL
Zoom Platform

WORKSHOP OVERVIEW

This two-day training bridges the gap between traditional personnel management and high-level business strategy. Participants will explore how to align their people initiatives with commercial KPIs, ensuring their organisation is prepared for the rapid shifts and talent demands of the modern regional economy. Through deep dives into workforce analytics and organisational design, participants will learn to build HR frameworks that are not just supportive, but foundational to business scaling and operational resilience.

In addition to strategic planning, this program equips participants with a comprehensive toolkit for executive influence and performance coaching. Participants will learn to navigate complex stakeholder landscapes and leverage data to justify HR investments with financial precision. This is an essential program for any professional looking to lead a high-performing HR function that commands a seat at the leadership table and delivers a measurable competitive advantage.
