

# Oil & Gas Contracts Management, Negotiation Skills and Contracts Risk Mitigation

*Reduce Risk, Improve Performance, Maximise Contract Value*

**17 & 18 August 2026**

9.00am - 5.00pm | GMT +8

**Concorde Hotel, KL**

**Zoom Platform**

## WHY YOU SHOULD ATTEND

The Oil & Gas industry operates in a highly complex and risk-intensive environment where contracts play a critical role in ensuring operational success, commercial performance, and effective risk management. From drilling services and engineering projects to logistics, maintenance, and procurement activities, every stage of the value chain depends on well-structured contracts and competent contract management.

This intensive two-day training provides participants with a practical understanding of Oil & Gas contracting principles, contract lifecycle management, risk allocation mechanisms, contract clauses, negotiation techniques, and supplier relationship management. Through real industry examples, case studies, and interactive exercises, participants will gain valuable insights into managing contracts effectively from pre-bid planning through contract closure.
