

Marine Insurance Masterclass

Reduce the exposure to risk in the event of loss or damage to goods or assets while in transit

7 - 8 September 2026

9.00am - 5.00pm | GMT+8

Concorde Hotel

Kuala Lumpur, Malaysia

WHY YOU SHOULD ATTEND

This interactive training will offer insurance and non-insurance practitioners including logistics and transportation professionals a valuable skills, tools, resources, and practical knowledge in the field of all aspects of marine cargo, transportation, and freight liability insurance as well as the related disciplines of international trade, commerce, and logistics.

Participants will also gain a solid base of understanding of the roles and accountabilities of transport intermediaries and logistics professionals: freight forwarders, NVOCCs, custom brokers and warehouse operators as well as the principles that govern the insurance of transport intermediaries including an analysis of standard policy terms and conditions.
