

Malaysian Financial Reporting Standards (MFRS)

Practical Application of 8 Key MFRS for Malaysian Companies

3 & 4 August 2026

9.00am - 5.00pm | GMT +8

Concorde Hotel, KL
Zoom Platform

WHY YOU SHOULD ATTEND

This training is designed to bridge the gap between technical accounting standards and the practical implementation challenges faced by finance professionals in Malaysia. Participants will gain valuable exposure to real-world accounting scenarios, common audit findings, and financial reporting risks that frequently arise during year-end closing and audit processes. Through practical discussions, case studies, and hands-on exercises, the training will help participants apply MFRS requirements more confidently in daily accounting operations while improving the accuracy and consistency of financial statement preparation.

In addition, the training will strengthen participants' ability to identify high-risk accounting areas, minimize reporting errors, respond more effectively to audit queries and financial reporting reviews, and ultimately improve the transparency and credibility of financial reporting within their organizations.
