**12 & 13 November 2026**

9.00am - 5.00pm | GMT +8

**Concorde Hotel, KL**

## WHY YOU SHOULD ATTEND

This training provides practical guidance on interpreting contracts, managing project changes, meeting contractual requirements, and addressing performance issues before they become disputes. Participants will develop the confidence to identify contractual risks early, protect their organisation's legal and commercial interests, improve communication between project stakeholders, and minimise costly claims, delays, and litigation.

By strengthening contract management capabilities, organisations can achieve better project outcomes, reduce contractual exposure, and foster stronger working relationships with clients, consultants, and contractors.
