

ISO41001:2018 Facility Management Standards

Awareness and Implementation Workshop

23 - 25 November 2026

9.00am - 5.00pm | GMT +8

Concorde Hotel, KL

Zoom Platform

WHY YOU SHOULD ATTEND

This three-day ISO41001:2018 Facility Management Standards workshop offers a rare opportunity to gain true, in-depth understanding of the global FM standards that are shaping the future of the profession. Designed with a limited number of seats, the program delivers a highly personalised learning experience—ensuring every delegate receives direct guidance, practical clarity, and answers to their organisation's real challenges. With a pre-course questionnaire, the workshop is customised to address your exact needs, helping you bridge the gap between current practice and world-class FM standards.

Led by one of Asia's most recognised experts in ISO41001:2018 and FM strategic development, this workshop equips you with the knowledge, tools, and mindset required to elevate your FM function into an efficient, value-driven, and ESG-aligned organisational pillar. Whether you are managing facilities, estates, assets, or operations, you will walk away with the skills to implement ISO-aligned policies, strengthen performance, influence organisational behaviour, and significantly improve operational outcomes. If you aim to advance your FM capability or guide your organisation toward ISO41001 certification, this event is the most comprehensive and impactful place to start.
