

Advanced Risk Reporting for Banking Professionals

Transforming Risk Data into Executive Insight, Action & Better Decisions

12 & 13 October 2026
9.00am - 5.00pm | GMT +8

Concorde Hotel, KL
Zoom Platform

WHY YOU SHOULD ATTEND

This 2-days practical training will help participants to move beyond traditional data-driven reporting and develop high-impact risk intelligence that supports governance, risk appetite management and strategic decision-making. Participants will gain practical techniques to improve reporting relevance, identify emerging risks and early warning signals, integrate qualitative and quantitative information, communicate complex risk issues with clarity, and strengthen the reliability and governance of reporting processes.

This training will also explore various banking-sector case studies, practical exercises and group discussions where participants will be able to learn how to produce risk reports that are decision-oriented, forward-looking, reliable and aligned with senior management and Board expectations.
